

Talk About: How are addition and multiplication alike?

Make up an addition and multiplication sum to solve each story problem.

- Each of the 3 people in my group has a foot measurement of 21 cm.
What is the total length of our feet?

- I have poured 5 cups of water into a bucket. Each cup holds 250 mL of water.
How much water is in the bucket?

- An apple weighs about $\frac{1}{4}$ of a kilogram.
How many apples are in 5 kg?
