

# Stick Together a Smashing Story

I can select and apply appropriate cohesive devices to my own writing.

Choose a range of cohesive devices to write the events of the story. You can use the cohesive devices in the table to help you but you should also try to think of your own too. Remember to use cohesive devices **within** and **across** your paragraphs.

Remember your paragraphs need to be **ordered** appropriately and contain **relevant** detail throughout.

**Outline of the story.** (Jot ideas in the boxes to help you.)
