Before Reading	<h1>History of the Bicycle</h1>	After Reading
	Bicycles have been around since the 1800s.	
	The first bicycle had no pedals.	
	Some bicycles had tires made of iron or wood.	
	There used to be hundreds of bicycle factories in the United States.	
	The design of the bicycle has not really changed in two hundred years.	
	Bikes in the future will be made out of old plastic and cardboard.	

Name \_\_\_\_\_

**Instructions:** Choose two of the following sections to compare: "Bikes of the Past," "Bikes Today," or "Bikes of the Future." Write your choices on the lines in the circles. Where the circles overlap, list things that are the same about the bikes described. Write things that are different where the circles are separate. Then, in the spaces below, write two sentences, one naming a way your categories are the same and the other naming one way they are different.
